EVERY STUDENT MATTERS

Paul Valese - Head of College

What went well this week?

Even though there may have been some challenges, we hope that you can easily call to mind what has gone well over the past week. From our perspective, welcoming all the new students has been a highlight.

We have welcomed 95 new Preppies and students in every year level from Years 1 to 12. We are proud of our existing students as they have warmly welcomed new students into friendship groups and shown them around campus. Student hospitality continues to be a hallmark of our culture.

At Mueller, we believe ‘every student matters, every day’. Every student is unique. Some are good at academics, some struggle. Other students excel in the arts or sport. Regardless of a student’s strengths or weakness, we see each student as an important part of the community.

This year we have introduced new roles in the secondary school to value students. Each year level now has Year Level Coordinators. Their main role is to get to know the students in their year level. Students will now be known by their Form Class Teacher and Year Level Coordinator. We know that this extra role will bring about a stronger sense of belonging amongst students and show them that they do matter.

Every student matters to us - because every person matters to God. God has created us in his image and even though we have sinned, he sent His Son to restore us into a relationship with Him. Over the year, every student will hear the Gospel. They will hear about Jesus in their classes and in Chapel. If you have any questions about what we believe, please feel free to ask.

I pray the year will be one where the question, ‘What went well today?’ will be easy to answer.

Mueller Community Church Counsellor, Jenny Billingham is available for parents, families, students and staff at Mueller College.

All of us face challenges that we struggle to make sense of. We all experience life changes, transitions and loss, and it’s at those times that we may feel isolated. Loss isn’t just losing someone close. It can include loss of a relationship, job, health, home, dreams and expectations to name a few. We all differ, face different circumstances and have differing needs. Stress, anxiety, family problems, decision making, and concerns about work are a few of the issues people face.

Counselling allows a safe place to voice your thoughts, fears and feelings. Voicing them aloud to another person can help us make sense of them and often enables us to see things from a different perspective. Friends and family members can be a great support to us, but may not be able to provide an objective point of view. A counsellor won’t tell you what to do, but may help you consider choices, decisions and changes to enable you to live your life more fully. Counselling doesn’t need to be long-term – in fact a single session may be all that’s needed. Sometimes, though, more is needed over a period of weeks or months. Counselling can assist you to journey towards change and growth in the life challenges you face.

Phone 3897 2706 or 0427 876 396 for an appointment. (Please leave a message if the phone is unattended and your call will be returned at the earliest convenience). Respect and confidentiality are always assured.
