MISSION STALLS

As Christians we are to be doers of the Word and not hearers only. We need to practice what we preach. In the Mueller community this is known as "Mueller in Action". Mueller College is to be locally engaged and globally focussed.

Mueller in Action happens when students of any age (Prep through to Year 12) engage in Christian service. This service is at the heart of what we are about at Mueller College, putting people into action so they can make a difference. This happens locally and globally through out the year.

Amongst our Community Displays we have some Mission Stalls that are organisations also "in action" making a difference around the globe. Over the years Mueller College has partnered with organisations such as these and would love you to get behind and support their mission. You can find out more information by visiting the Mission Displays today.

Thanks for
your support.
